russia has recently strengthened its diplomatic relations with its north east  
asian neighbours china japan and north and south korea but without much  
more reform at home russia will be neither attractive as a partner nor live up  
to its full potential chikahito harada assesses the reasons for russia s policy  
towards north east asia and offers key policy recommendations

east asia is normally identified as a group of countries lying along the  
western edge of the pacific ocean but scholars have begun thinking about a  
east asia that is a community rather than a set of sovereign states this book  
looks at east asia from a northeast asian perspective

this book offers a detailed analysis of the domestic politics of regionalism in  
the three major nations of northeast asia china japan and korea as well as  
in the most important external actor the united states

this examination of developments in north east asian regionalism looks at  
security international relations international political economy and politics  
together with historical social and cultural factors

written by a team of leading scholars this volume presents a variety of  
theoretical perspectives and case studies to offer a comprehensive analysis  
of the pressures that shape the policy choices of china russia japan the  
united states north and south korea and taiwan

the magnitude of socio cultural diversity of north east india is of enormous  
significance for the national life of india even though the region enjoys little  
space and attention in the national arena this book of two volumes is an  
attempt to showcase the diversified topics of north east india written by  
academicians and scholars of high repute it contains as many as forty  
seven articles covering almost all the facets of the wide range of historical

and socio cultural aspects of the north east india all the writings are potent enough to project the north east in proper light from the academic point of view the book will surely pave the way for further research and other related academic works on north east s history culture and society strengthening its assimilation process with that of the rest of india

a history of modern east asia illuminates the history of this vast and crucial region over the last two hundred years exploring its many cultures societies states and economies in the first major work on the modern history of the region as a whole offers a comprehensive view of east asia including southeast asia as well as china korea and japan examines east asia within the context of global history building on recent scholarship in modern world history introduces the innovative concept of interaction zone to define east asia as a region of dynamic economic political and cultural interaction rather than as a static and reified civilization provides a narrative that helps readers understand how the region came to its current place in the world and what the future of east asia may hold

this book discusses the impact of china s rise on regional order at three levels sino us relations east asia s contested sub regions and regional institutions sino us relations provide a framework to examine macro regional relations in east asia s contested sub regions northeast asia southeast asia and the eastern indian ocean region the author explores the crucial role regional powers and local states play in maintaining effective governance and stability the author shows how regional institutions attempt to develop cooperation and shared norms that work toward regional community the inclusion of leading experts from china the us south korea japan vietnam singapore and india gives this collection a unique viewpoint and reveals how china s rise looks from inside and outside china as well as inside and outside the region

the seven north eastern states of india during the last six decades of

isolation have braved enormous difficulties beginning with the impact of partition liberation of bangladesh influx of people from outside and continuing conflicts based on caste tribe language race and religion there is also a flip side to the bad governance and economic woes of the people of this region their geographical and cultural proximity with the south east asian countries make the area to be of enormous economic importance in the future this book argues how the regions trade with various neighbouring countries if facilitated and encouraged and if efforts are made for greater convenience in international trade through the simplification of economic activities such as movement of goods people and services across borders the region can blossom to its full potential but for this the centre has first to realize the urgent need to open up than to lock up the area in order to provide security to the people one of the first studies of its kind this volume highlights in detail the north easts central position vis á vis bangladesh myanmar and the rest of south east asia

home to a rapidly rising superpower and the two largest economies in the world after the us a global east asia is seen and felt everywhere this dynamic text views the global square from the perspective of the world s most important rising global center east asia s global impact is built on a dizzying combination a strong and deep civilizational self consciousness fused with hypermodernity wealth influence and power which have made the region a beacon for the world and an alternative to the west short accessible essays by prominent experts on the region cover the core of east asian japan china and korea as well as mongolia and taiwan topics include contemporary culture artistic production food science economic development digital issues education and research and international collaboration students will glean new perspectives about the region using the insights of global studies

defining and conceptualizing northeast asia s security complex poses unique quandaries the security architecture in northeast asia to date has

been predominately u s dominated bilateral alliances weak institutional structures and the current six party talks dealing with the north korean nuclear issue there has been a distinct lack of desire among regional countries as well as the u s to follow in the footsteps of europe with its robust set of multilateral institutions however since the late 1990s there has been burgeoning interest among regional states towards forming new multilateral institutions as well as reforming and revitalizing existing mechanisms much of this effort has been in the economic and political arenas with the creation of bodies such as the east asian summit but there have also been important initiatives in the security sphere this book offers detailed examinations about how this potentially tense region of the world is redefining certain longstanding national interests and shows how this shift is the result of changing power relations the desire to protect hard won economic gains as well as growing trust in new processes designed to foster regional cooperation over regional conflict presenting new and timely research on topics that are vital to the security future of one of the world s most important geographical regions this book will be of great value to students and scholars of asian politics regionalism international politics and security studies
